### TLS meeting in school: governor visit, pupil voice and RE subject lead Monday 4th March 2019

#### Governor visit around the school

Governors reported that the learning walk was very enjoyable and that they were impressed by the variety of teaching styles and learning materials used to teach subjects throughout the school. The walk was led by two Learning Ambassadors who were a credit to the school and who led the walks with a fantastic maturity and discerning eye, carefully noting WWWs and EBIs for each age group.

There was a range of subjects being taught:

- YR and nursery had 'Goldilocks and the three bears' as their focus text, and were doing activities around this including making 3 types of porridge
- Y1 had a group question and answer maths session using the interactive whiteboards. Pupils were chosen at random to answer questions. Pupils also played 'timestable tennis' to show their learning
- Y2 were celebrating Shrove Tuesday by making pancakes and creating Easter story drawings
- Y3 were working in pairs doing teddy bear rolls in PE. In their classroom, they had very creative wall displays
- Y4 had just returned from swimming lessons
- Y5 had studied a text and were creating their own cartoon storybooks in a similar style and format to the studied text
- Y6 were outside for playtime, but governors were impressed by the age appropriate bibles the class had just received, and the learning shown on the class display boards. Y6 (along with Y3) were trialing new RE learning walls, which they were developing as they learnt more about particular topics.

Pupil behaviour was exemplary.

#### Pupil Voice - RE

Pupils were chosen to show their RE learning, and included some members of the Faith Council. There were pupils from across the age groups. They showed governors their RE workbooks and talked about the RE learning they received in class

Pupils explained that they learnt about all religions and not just christianity They talked about the different activities they did to learn about different topics including drawing pictures; acting out Jesus's miracles; learning about how different artists had represented scenes like the Last Supper in the bible.
