Dear Parents and Carers,

I hope you are well and are keeping safe. According to our records your child is usually eligible for free school meals. However, as a result of the pandemic, and your child not attending school, they have not been receiving them.

I have been in communication with our catering provider and would like to offer you the opportunity to receive a fortnightly food parcel which would be available to collect from school or possibly be delivered to your home.

The parcel will include a selection of food items that you can cook at home and will provide enough lunches for 2 weeks, after which time a new parcel should be available.

You can find out more about this government initiative by clicking [here](#).

If you would like to take up this offer, please can you click on the link below and complete the very short form so that we can order your parcel.

If you do not want the parcel, please can you also click on the link to indicate your preference.

Please can you complete the form as soon as possible so that we can organise for the parcels to arrive.

Thank you

Kind regards,
