

# St. John's Foundation Stage News

Summer Term 2 – Friday 30<sup>th</sup> June 2017

HEALTHY SCHOOLS LONDON

## Song of the week

*(We will be learning a Maori song about fish)*

He ika nui, he ika nui  
Kauhoe I te maona.  
He iki nui, he ika nui,  
Aue! He tuna pango.

***There are 6 verses to this song***

***We hope you enjoy singing these at home with your child!***

## Book of the week

We will be focusing on the story of Jonah and the Whale. This is a Bible story that helps us to reflect on messages from God and how God has hope in all of us.

## Next week we will also be...

**Maths** – We will be focusing on addition. Can we add two or three single digit numbers together? Can we use rods to fish the fish out of the sea and add the numbers on their backs together?

**Writing** – We will be writing about our hopes for the coming year. We will also be writing about our Bible story of the week. What were God's hopes for Jonah?

**Finger gym** – We will be using tweezers to add shells to our underwater scene. Which shells are easier to pick up - big or small?

**Creative** – We will be creating our own whales using paint and collage.

**Outdoors** – We will be engaging in team games, focusing on turn taking and following instructions with two or three parts.

**PE** - We will be focusing on ball skills and co-ordination. Reception's PE lesson will take place on Wednesday afternoon.

## Religious Education

**We will thinking about the story of Jonah and the Whale. God gives us messages and has faith and hope in each and every one of us. Will Jonah make the right choice?**

## Extras

**We would like to congratulate Mr Bishop for graduating as a teacher this week. He has been a huge asset to our team and we are thrilled he will continue to work at St John's in Year One next year. Well done, Mr Bishop!**
